Key Information

Atlases

An atlas is a book of maps and charts showing different parts of the world and some physical features, such as rivers and lakes.

Compass directions

A compass is a tool for finding and showing directions. A compass has four cardinal points. These are north, south, east and west. They are used to describe locations and give directions.

Maps and keys

A map is a drawing of an area of land or sea, usually drawn from above. Map symbols represent physical and human features. A key is a list that explains what the map symbols mean.
