

# Addition

## Key Words

place value

tens

ones

partition

add +

< > =

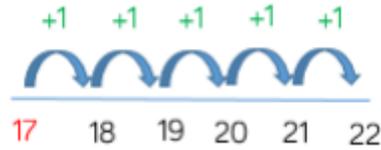

less than

more than

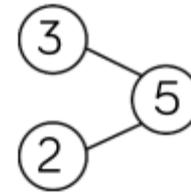

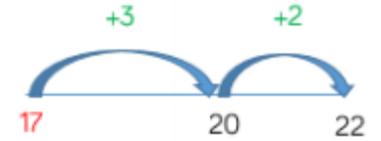

equal to

exchange

$$17 + 5 = 22$$

We can partition 5 into 3 and 2 and use this to bridge the 10.

$$64 + 12 = 76$$

$$4 \text{ ones} + 2 \text{ ones} = 6 \text{ ones}$$

$$6 \text{ tens} + 1 \text{ ten} = 7 \text{ tens}$$

$$7 \text{ tens} + 6 \text{ ones} = 76$$

$$64 + 17 = 81$$

$$4 \text{ ones} + 7 \text{ ones} = 11 \text{ ones}$$

$$6 \text{ tens} + 1 \text{ ten} = 7 \text{ tens}$$

$$7 \text{ tens} + 11 \text{ ones} = 81$$

$$\begin{array}{r} 64 \\ + 17 \\ \hline 11 \\ + 70 \\ \hline 81 \end{array}$$

$$4 + 3 + 6$$

Find a bond to 10 then add the third number.

$$4 + 6 = 10$$

$$10 + 3 = 13$$

Use <, > or = to compare the number sentences.

$$5 + 4 + 6 = 6 + 5 + 4$$

$$7 + 3 + 8 > 7 + 7 + 3$$
