## Setting Description

Purpose: Describes a scene and helps to set the mood.  
Written in the past tense

### Structure

### Grammar Focus 1: Precise nouns

Precise nouns paint a clear image for the reader by describing objects more specifically. This may be achieved by using more specific common nouns, proper nouns or technical vocabulary.

Butterflies and bees buzzed among the daffodils.

Archers fired arrows from the turrets.

### Grammar Focus 2: Prepositions and adverbials of direction

Prepositions and adverbials of direction describe movement from one position to another. An adverbial of direction is constructed from the pattern:

Preposition + noun/noun phrase/pronoun

The adverbial of direction modifies and follows the verb.

Jim walked across the park.

Jim drove to the supermarket.
