Keeping in touch

At St. Joseph's we are keen to establish a good relationship with parents and create a system where parents feel involved in their child's learning.

As parents, you are the first educators of your child and at the school we recognise that the partnership between home and school is fundamental to your child's success. School staff are always happy to speak to parents during the week before or after school, you can always contact the school using the school email or telephone. **Marvelous me** is our electronic system that we use to communicate with you on a day to day basis. Please sign up to this program.

We also use our school web site to share information with you. We post photographs on this page twice a term. Also, we share photographs on our school face book page and newsletter. It is important that you inform us if you do not want your child to be included in these photographs via the permission form you are asked to complete on admission. We also request you verbally confirm this with Mrs. Jordan when your child starts school with us.
