**Maths**

We have been checking your understanding of key mathematical concepts this week.

For homework this week, I'd like you to practise solving the following missing number problems:

- $7 + [] = 12$
- $[] + 2 = 10$
- $25 + 3 = []$
- $[] + 1 = 28$
- $11 + [] = 16$
- $4 + 5 = []$

Don't forget to use relationships between addition and subtraction to help you.

**Reading**

Read with your grown up for approximately 5 minutes every day. This can be any book, but please try to read your reading book regularly.

Make sure your adult records your reading in your reading record book or your reading will not be counted towards this half term's reading award.

Congratulations to the children who have reached the top of our ladder and received a special prize this week!

**Spellings**

Our next spelling test will be on Friday. These spellings have been explored through our Phonics lessons.

This week, your spelling words are:
